

BONKOPAD

WHITEPAPER

BONKOPAD \$BONKO is a fresh and user-friendly launchpad dedicated to introducing the most exciting Solana-based projects to the world of cryptocurrency.

BONKOPAD

INTRODUCTION

Designed for both newcomers and seasoned investors, our platform stands out with its laidback, engaging approach to blockchain investments. We're committed to simplifying your investment process, making it fun and accessible for everyone.

WHAT IS BONKOPAD

HOW TO TAKE PART

At BONKOPAD, we specialize in curating and launching presales for innovative projects within the Solana ecosystem.

Participation is straightforward: hold \$BONKO tokens to earn Bonko Eggs, which are airdropped daily and used to gain access to presales.

The more \$BONKO you hold, the more Bonko Eggs you earn, and with 500 Eggs, you're set to join any presale. This approach not only democratizes access to early-stage investments but also adds an element of excitement to the investment journey.

BONKOPAD

TOKENOMICS

The \$BONKO token serves as the backbone of the BONKOPAD ecosystem. Token holders benefit from a variety of uses:

Presale Access: Tokens are used to earn Bonko Eggs, which are required for presale participation.

Rewards and Incentives: Regular airdrops and rewards are offered to active \$BONKO holders.

Community Governance: Token holders will have a say in future project selections and platform developments.

The tokenomics are designed to encourage long-term holding and active participation, fostering a strong and engaged community.
